Berlin 2016-10-31

Welcome Adress by Erich Marks

Crime Prevention Council of Lower Saxony (CPC)

- With the founding of the CPC in 1995, a forum for common efforts to prevent crime and increase the citizens' feeling of security was established.
- The underlying philosophy was that for investigating and countering the causes of crime effectively, shared responsibilities and strategies of society as a whole were required.
- More than 250 member organisations from all relevant social sectors, among them some 200 local prevention bodies and networks, contribute with their expertise to concepts concerning public security and support their realisation.
